

HG Diploma Course – Week 3

We're looking forward to meeting you again on Week 3 of the Human Givens Diploma course. This will give you the unique opportunity to practise and demonstrate your practical skills under supervision and rigorous on-going assessment.

In preparation for your attendance on Week 3, and to ensure you get the most out of the course, please find following a list of requirements and suggestions.

Required elements

Professional

To attend Week 3 you must:

- be a Graduate Member (GHGI) of the Human Givens Institute (please contact admin@humangivens.com to apply if you are not yet a member)
- provide a copy of your current *Professional Liability Insurance* certificate (from Balens/PPS etc.) to admin@humangivens.com
- provide 2 x professional references from individuals who have known you professionally for three or more years to admin@humangivens.com
- have completed a minimum 3 x Supervision sessions of a minimum of 1 hour duration each within the last year
- proof of your supervision is required; your supervisor must send a report to the college, which we will forward to the tutors
- have informed the College via admin@humangivens.com of the name of your supervisor and the dates of your supervision sessions

Case study

Please write:

1. A case study of a client who is not personally known to you and who has completed a course of therapy with you, of at least three sessions in duration. Please ensure you have discussed this case with your supervisor but note that the written piece must be all your own work and above 1,000 words and not more than 2,000.
2. A short summary of the case and your own learnings from the case. Please keep this to one side of an A4.

Please give both of the above to the course tutors on the first day of the course.

These will be included as part of your assessment and may be discussed with you during the week.

Trauma/Phobia:

Please also think about and come prepared with an example of a trauma/phobia that affects you and that you are prepared to work on with another participant as part of the course.

Compulsive or Addictive behaviour:

Similarly, please think beforehand about an example of a behaviour or an addiction that you would like to change and are prepared to work on with another participant as part of the course.

Suggested preparation

Revision of the HG Diploma Manual

In order to get as much as possible from the week, we suggest that you review and study all of the sections of the HG Diploma Manual, along with your Part 1 Core Seminar/Workshop notes and Part 1 Online Courses and accompanying notes.

As part of your practical assessment, the tutors will need to see all of the skills you have learnt demonstrated (including language skills, psycho-education, use of story and metaphor), as well as your ability to work with the RIGAAR framework.

Students' competencies will be assessed against the *Standards of Competence* detailed in Section B of the HGI's Code of Ethics, which can be found on the HGI's Website www.hgi.org.uk/about-hgi/ethics-and-conduct

Reading

It is also suggested that you review and study the recommended reading list for Part 2 of the HG Diploma, particularly the HG Publishing titles. See www.humangivens.com/college/diploma/reading-list

Pass Levels

Grade A – Pass

Participants who demonstrate a high level of competence in, and understanding of, Human Givens therapy during the five-day intensive will pass the practical assessment of their skills and competence leading to *HG Diploma Practitioner Level* qualification.

Grade B – Potential to pass

Participants who demonstrate clear potential during the five-day intensive to go on to become successful HG practitioners but have not met all the necessary criteria, will be advised accordingly as to what steps they need to take in order to gain their *HG Diploma Practitioner Level* qualification.

Grade C – Fail

Participants who fail to demonstrate competence in, and understanding of, Human Givens therapy during the five-day intensive week will fail the practical assessment of their skills.
